Dear Ms. Clark:

All official databases of the Virginia Army National Guard are maintained by requirement of the National Guard Bureau. Access to these databases is restricted to military use and is not for public access or use. We occasionally have inquiries that fall under the Freedom of Information Act or the Privacy Act. Fees for responses to these requests are assessed by individual request.

No databases have been created since 1 July 1997.

The official VaARNG databases (for information only) are:
